

JERRY CANS

The Aussie Traveller Metal Jerry Cans are a reliable and convenient solution for fuel storage and transportation.

When you're out and about, the Aussie Traveller 20L Metal Jerry Cans are perfect for transporting fuel on your next caravanning trip or for storing in the back of your vehicle *'just in case'*.

Featuring a powder-coated exterior which provides a smooth finish and protects against corrosion, is available in yellow or green so you can easily tell the difference between your diesel and unleaded or other fuels. Also available is matching metal pourers to easily fill up your vehicle or generator on the go without the mess.

You won't risk dropping the jerry can thanks to the robust triple handle with strip welding ensures the handle's strong and durable. No leaks here either with the leak-proof bayonet lid which prevents leakage no matter what position the can is in.

FEATURES

- Complies with Australian Standard AS/NZS 2906:2001
- Heavy-duty, NATO can design
- Anti-corrosion protection
- Leak-proof bayonet closure
- Robust cold rolled steel
- Strip welded, triple handle
- 20L capacity
- Green & yellow powder-coated with matching pourers available

JERRY CAN HOLDER

The Aussie Traveller Jerry Can Holder provides a safe and secure storage solution for standard 20 litre metal jerry cans. It features mounting holes to secure your holder to your caravan, RV or vehicle for permanent storage.

The Jerry Can Holder also features rubber pads to protect against damage and reduces rattling when moving.
