## Vendor Return / Warranty Procedures

### Consumables

#### Brother

DSTech must send all faulty Item claims to Brother Australia for evaluation. To evaluate your return, Brother require a print sample, copy of the original tax invoice or proof of purchase and a print configuration report with all toner and drum returns. If Brother rejects the claim, a job sheet and the item will be returned to you with your next order. Thermal transfer rolls will be replaced only. Please note: This process may take up to 8 weeks to complete.

#### Canon

All canon items must weigh above the minimum return weight for approval. Canon ink cartridges will be tested and checked against the fault claimed. Our approval decision will be made based on the results of these tests. Canon toner cartridges must have a test page of the fault. If a test page is not supplied the claim will be rejected, as we cannot pursue the claim with Canon. All items will also be checked for refilling, remanufacturing and tampering. All of which will void any warranty the item may have.

#### Epson

All Epson inks have a 6-month warranty period from the date of the original invoice. Empty Epson cartridges will not be accepted for credit. Credits will only be issued for original Epson product being returned.

### **Fuji Xerox**

Toners and Drums returned as faulty will be checked by our Fuji Xerox technician. Our technician will require specific information detailing what is wrong with the item a print sample of the fault is required, if insufficient information is given, the Fuji Xerox technician will reject the claim. The results of our technician's inspection will be used to determine whether the claim is accepted or not. Empty Fuji Xerox cartridges will not be accepted.

### **HP**

HewlettPackard will not accept any expired, refilled, or remanufactured ink cartridges. Ink cartridges will also be checked against HP's minimum return weights which can be found near the back of the returns guide. If a cartridge is below this weight, then HP will classify it as empty. To check the expiry date on HP ink cartridges, see the HP returns data page. HP toner cartridges will require a print sample of the fault and are tested under the same process as the ink cartridges.

### **Konica Minolta**

Faulty Konica Minolta items must be returned with print samples and/or descriptions of the fault. Items will be weighed and tested for faults by our technician.

### **Kyocera**

DSTech will only accept back faulty Kyocera consumables. These will be weighed and tested for faults by our technician. For any D.O.A. or faulty hardware you must contact Kyocera directly on 13 59 62 for repair or replacement.

### **Lexmark**

For all warranty issues in relation to Lexmark Inkjet and Laser supplies, the end-user should contact Lexmark Technical Support on Ph:1300 362 192, option 3 to confirm the product is faulty. If the fault is confirmed the end-user will be given a Job Number and referred by Technical Support to point of purchase for replacement.

### **Oki**

For the quickest response to all faulty items the end user should contact the OKI Customer Service Satisfaction Centre on 1800 807 472 and follow the voice prompts to the Technical Support department. There the customer can discuss their issue with the Technical Support Team. If OKI deems the customer's claim to be substantiated, then the customer will be directed to forward the faulty item to their nearest OKI representative for assessment. If the item is faulty, OKI will issue replacement stock. If the end user does not wish to deal with OKI directly then DSTech can deal with this on your behalf but please understand this will take a little longer.

### **Panasonic**

Fax rolls will not be accepted back as faulty items. If you have a problem with these items, please call the Panasonic service centre. Panasonic require the following information before accepting any Toner or Drum unit for assessment; a sample of what the products are doing, meter readings of when the toner/drum was installed and a reading of when it faulted. Panasonic are very strict with this and unless they have all three, they will not assess the goods. DSTech has no option but to insist that these three items of information must be supplied to us with your Return Request or your claim will have to be denied.

### **Samsung**

Toners and Drums returned as faulty will be checked by our Samsung technician. Our technician will require specific information detailing what is wrong with the item, if insufficient information is given, the Samsung technician will reject the claim. The results of our technician's inspection will be used to determine whether the claim is accepted or not.

### **Sharp**

Toners and Drums returned as faulty will be checked by our Sharp technician. Our technician will require specific information detailing what is wrong with the item, if insufficient information is given, the sharp technician will reject the claim. The results of our technician's inspection will be used to determine whether the claim is accepted or not.

### White box

If you have a faulty White Box item, please inspect the cartridge for a batch number and supply that number when you fax through the completed return form. This is usually a sticker on the cartridge itself that states “batch number” and has two lines underneath it. Not all White Box items have a batch number sticker. If a batch number is found and supplied on the request form a credit can be given without the return of the cartridge. However, if a batch number cannot be found the cartridge must be returned to Dynamic.
