

PRODUCT INFO

DOMETIC CADAC SAFARI CHEF 30

This compact and lightweight barbeque weighs just 4.7kg and comes with four different cooking surfaces. The removable fat pan catches cooking residues, but at the same time acts as a windshield to protect the Safari Chef's burner. The barbeque comes with a convenient carry back for easy transportation. The Safari Chef 30 works with a hose and pressure regulator. This is an ideal barbeque for use at the campsite, on the balcony or in the park.

Fold away legs make the unit compact and portable

4. Low-pressure

For better fuel efficiency and heat control

5. Lightweight

Perfect for travel

6. Tool-free

Easy gas fitting with handwheel

ACCESSORIES

Pizza Stone Pro 30

This pizza stone is ideal for the Safari Chef 30, but can also be used in other gas barbeque, charcoal barbeque or electric ovens. The 12 mm thick pizza stone has a heat spreader for optimal (oven) performance and can withstand temperatures up to 300 °C. The stone is made from durable, heat-resistant cordierite, which draws the moisture out of the dough. The result: a delicious and crispy pizza. In addition to baking pizzas, you can also bake delicious bread, focaccia or croissants on this pizza stone.

COOKING SURFACE	ø 25 cm
INCLUDED	Handy storage bag

Dual Power Pak

The amazing Dual Power Pak is the first of its kind. A portable dual gas cartridge supply that drives most gas appliances such as small barbeque, camping stoves with 1/4" BSP RH thread. It is light and easily portable, making it perfect for camping, picnicking, and caravanning. Two threaded EN417 gas cartridges (not included) combine the gas supply, regulated consistently to 2.75kPa regardless of the external temperature, to power your appliance. Includes a gas hose of 85 cm with hand wheel for easy loosening and tightening.
