

TORPEDO

TORPEDO LOCKING HITCH PIN

The FullStop Torpedo Locking Hitch Pin has been designed and developed in Australia for use with standard tow hitches and articulating poly block trailer couplings. Comes complete with 2 keys.

PRODUCT CODE: TPH100

COMPLETE SECURITY KIT

FullStop's Complete Security Kit is an all-in-one combination of the Samurai Wheel Clamp and the Saracen Hitch Lock in one compact, easy-to-use kit. Keyed alike for convenience, they come in a slim carry bag that's easy to store when travelling.

PRODUCT CODE: GSK100

The FullStop[®] range of caravan anti-theft products has been developed to provide a 'one-stop-shop' for caravan security.

**Don't choose just any security device.
Fit the best: FullStop[®]**

FEATURES

- All FullStop[®] products are quick and easy to fit
- Prevent tow vehicles from connecting to your caravan or trailer
- Made from specifically designed composites and high-tensile steel
- High-security, 9-lever barrel lock resists picking, cutting, drilling and freezing
- All products are designed to fit most Australian-sold trailer couplings

SARACEN

SARACEN

For most caravans, campers and trailers fitted with a 50mm ball hitch, the FullStop Saracen Hitch Lock is designed to secure the trailer by denying access to the hitch.

PRODUCT CODE: SHL100-2

SARACEN
ULTRA

SARACEN 'ULTRA'

Fits Australian standard 50mm ball when your trailer is HITCHED and/or UNHITCHED and locks the trailer chains inside, providing maximum security when locking the uncoupled hitch.

PRODUCT CODE: SHL300

SARACEN
OFF-ROAD

SARACEN 'OFF-ROAD'

Developed in Australia for the Hitchmaster[®] DO35 articulated hitch and Alko Click Lock[™] hitches, it suits most trailers with a standard DO35 and is the perfect compliment to your other FullStop products!

PRODUCT CODE: SHL400

NEMESIS

NEMESIS

The Nemesis Wheel Clamp is an easy-to-use, two-piece device that suits most wheels from 10"-20" and is suitable for on and off-road wheels up to 275R17. Plus, it comes in a handy carry bag!

PRODUCT CODE: FPC300

SAMURAI

SAMURAI

The Samurai Wheel Clamp is the little brother to 'Nemesis' incorporating the inner workings of its sibling for a simple and fast solution for locking a trailer, caravan or car in place for short periods.
