

200AMP CROMTECH PETROL WELDER GENERATOR

SPECIFICATIONS

MODEL NUMBER	CTGW200
Max. Watts (w)	5600w
Cont. Output (w)	4480w
Starting System	Recoil Start
Phase	Single
15amp outlet s/phase	2x 15Amp
Alternator	Mecc Alte
Voltage (V)	240v - 50hz
Welding Amps (A)	60 to 200 Amp
Engine Power/Model	14.0hp EX40
Engine Brand	Robin
Fuel Tank (L)	7.0L
Running Time (Rated Output)	1.9hr
Noise Level (dB @ 7m)	72db
Weight (kg)	82.5kg
Dimensions (LxWxH)	710 x 500 x 540mm
Package (LxWxH)	710 x 500 x 540mm
Manufacturers Warranty	1 Year
Barcode	9336493006948

This 200 Amp welder generator suits welders and can also be used for power generation. This unit is ideally suited to rental and agricultural industries for small on-site repairs.

STANDARD FEATURES

- ▶ Welder Mecc Alte brushless alternator
- ▶ Genuine Robin industrial engine
- ▶ Double switched power outlets
- ▶ 25mm Australian fabricated steel frame
- ▶ Overload protection
- ▶ 2 Years manufacturer's warranty
- ▶ Australian assembled and tested

IDEAL FOR

- ▶ Farm maintenance
- ▶ General purpose use
- ▶ Welding on-site
- ▶ Backup power

INDUSTRY

- ▶ Construction
- ▶ Building
- ▶ Trade
- ▶ Welding
