

2.4KW CROMTECH OUTBACK INVERTER GENERATOR

SPECIFICATIONS

MODEL NUMBER	CTG2500I
Max. Watts (w)	2400w
Cont. Output (w)	2100w
Starting System	Recoil Start
Phase	Single
Fuel Type	Petrol
15amp outlet s/phase	2x 15Amp
Voltage (V)	230v - 50hz
Battery Charger	12V-8 Amp
Engine Power/Model	2.6kw (79cc)
Engine Brand	Cromtech
Fuel Tank (L)	5.0L
Running Time (Rated Output)	5 to 20hr
Noise Level (dB @ 7m)	52-59db
Weight (kg)	19.8kg
Dimensions (LxWxH)	512 x 315 x 447mm
Package (LxWxH)	547 x 350 x 505mm
Manufacturers Warranty	2 Year
Barcode	9336493006801

The 2.4 kw inverter generator is the most compact and lightest model in its class because it weighs 19.8kgs. This model is ideal for Camping, caravanning & RVs due to its compact size. It can power portable fridge freezers, small offices and small power tools. A bonus dust cover comes with it for storage and to protect from the weather.

STANDARD FEATURES
