

## CROMTECH™ LEISURE GENERATORS

For 60 years Crommelins have been building generators and have hand selected this range of quality inverter generators for the recreational and domestic industry.

These generators come with multiple power options including 230V AC, USB and 12V power, are petrol powered, come with an eco-mode for economical operation and are backed by Crommelins national award winning service and spare parts network.

### IDEAL FOR:

- Camping, Caravanning & RVs
- Portable fridge/freezer
- Home backup power
- Small office backup power
- Workshop and production use
- Powering Submersible pumps
- Small/medium power tools (Check your power tool manual for load/watts requirement)
- Fetes & Markets

### CHOOSING THE CORRECT GENERATOR

- Step 1) Figure out what item/s need powering.  
Step 2) Add the total wattage of item/s together.  
Step 3) Determine the total wattage equals less than the maximum output of generator.  
For continuous loads use Cont. output.  
Step 4) Choose/Buy your generator

Note: The initial 'start-up' power of some equipment/motors require 3x the wattage to get them running.

### EQUIPMENT

HAIR DRYER  
MICROWAVE  
KETTLE  
HOUSEHOLD FRIDGE  
CARAVAN AIR CONDITIONER  
LAPTOP COMPUTER  
9" ANGLE GRINDER  
ELECTRIC DRILL 3/8"  
1hp MOTOR (Eg. Pump)

### WATTS REQUIRED

1000-1500  
1000+  
1600-2000  
300-600  
1500+  
500  
1500-2000  
500-700  
3000+

## CROMTECH OUTBACK™

The 2.4kw CROMTECH OUTBACK™ is "the most compact and lightest model in its class!" it weighs 19.8kgs, is 512x315x447mm in size and comes with a dust cover.

### CTG2500i FEATURES

- 230V AC, USB & 12V Outlet/s
- LED sensors (low oil alarm, overload protection, output light)
- Recoil start
- Eco-mode switch
- Adjustable choke
- AC Reset button
- 5L Fuel Tank
- Fuel vent lever
- Bonus dust cover

	CTG2500i
KVA MAX. OUTPUT	2400watts
KVA CONT. OUTPUT	2100watts
MAINS POWER (240V)	2x Outlets (Single phase)
USB POWER OUTPUT	2X USB (5V)
12V POWER OUTPUT	12V-8AMP
RUNNING TIME	5 to 20hrs (Load depending)
ENGINE	2.6kw Cromtech (79cc)
ENGINE TYPE	4-Stroke, Forced air cooled, OHV
FUEL TYPE	Petrol unleaded
FUEL TANK	5.0L
FREQUENCY	240V-50Hz
VOLTAGE REGULATION	PURE SINE WAVE
DECIBELS AT 7M	52 - 59db
WEIGHT (DRY)	19.8kg
DIMENSIONS (LxWxH)	512x315x447mm

## CROMTECH BRUMBY™

The 3.0kw digital compact styled generator comes with a digital display that shows the voltage, Hz, kilowatts and hours run while in operation.

### CTG3000i FEATURES

- 230V AC, USB & 12V Outlet/s
- Digital Display (Volts, Hz, Kw, Hrs)
- Recoil start
- Eco-mode switch
- LED sensors (low oil alarm, overload protection, output light)
- AC Reset button
- 10.5L Fuel tank
- Extendable handle
- Large rubber wheels

	CTG3000i
KVA MAX. OUTPUT	3000watts
KVA CONT. OUTPUT	2800watts
MAINS POWER (230V)	2x Outlets (Single phase)
USB POWER OUTPUT	2X USB (5V)
12V POWER OUTPUT	12V-6AMP
RUNNING TIME	8hrs (Approx. 25% load)
ENGINE	5.4hp Cromtech (205cc)
ENGINE TYPE	4-Stroke, Forced air cooled, OHV
FUEL TYPE	Petrol unleaded
FUEL TANK	10.5L
FREQUENCY	230V-50Hz
VOLTAGE REGULATION	PURE SINE WAVE
DECIBELS AT 7M	64 - 76db
WEIGHT (DRY)	40kg
DIMENSIONS (LxWxH)	690x415x500mm
