CROMTECH PETROL AND DIESEL AVR GENERATORS

Designed for general use, these generators are perfect for onsite power for tradies. Likewise, it is also suitable for residential, farms and fetes. The IP66 weatherproof outlets with RCD protection makes these units site safe* and ready to use.

Electric start allows an operator simplicity in turning a key to start the unit. An automatic voltage regulator (AVR) maintains power output for stable performance. The large fuel tank provides hours of operation before refuelling. Other features include wheels and handles to make it easily portable around the site. A convenient digital display shows the user hours operation, Hz, Voltage meter at the press of a button.

Crommelins Machinery hand-selected these portable generators for trade use. It is confidently backed with an Australia wide one-year Cromtech warranty as well as local service agents around the country.

PETROL FEATURES

- IP66 rated outlets (Single phase - 15 Amp)
- Weatherproof outlets
- RCD and overload protection switches
- Electric start and recoil start
- Fold-out handles
- Steel frame with large wheels
- Petrol powered
- Large 25L fuel tank
- 10HP Cromtech engine (Air cooled, OHV)
- VHT Meter (Volts, Hertz, Time)
- Battery charging (12V-8.3Amp)
- Low oil alarm, overload alarm and output indicator
- One-year Cromtech warranty

DIESEL FEATURES

- IP66 rated outlets (Single phase - 15 Amp)
- Weatherproof outlets
- RCD and overload protection switches
- Electric start and recoil start
- Fold-out handles
- Steel frame with large wheels
- Diesel powered
- Large 12.5L fuel tank
- 9.8HP Cromtech diesel engine
- VHT Meter (Volts, Hertz, Time)
- Low oil alarm, overload alarm and output indicator
- One-year Cromtech warranty
