Hoppt Plate Compactor

CPT60W/CPT90PII/CPT75P

Forward Plate Compactors

The Hoppt Forward Plate Compactor range features a compact yet robust design with low vibration handle for greater comfort and control, varying sizes and compacting force depending on the application. Available with or without water tanks on the 60 & 90 models. Powered by a genuine Honda 4 stroke engine, the Hoppt plate compactor is the tradesman's choice for maximum productivity and power.

Features and Benefits

- Heavy weight and durable design to ensure reliability under all working conditions
- Travel wheels for greater mobility
- Lifting point for easy transportation
- Low Vibration folding handle for greater comfort and control
- Reinforced base for added durability
