LEARN MORE ABOUT JETWAVE 

RAPTOR™

The Jetwave® Raptor range revolutionises the petrol driven direct drive high pressure water cleaner. Australian engineered and assembled with innovative features; it provides the weekly user with a powerful, safe and easy to use unit that encompasses CNC precision smart design. This is the NEW Raptor family from Jetwave®.

HERO INNOVATIONS

Stainless steel exoskeleton.

Telescopic Soft Grip Handle

Centre balanced top lift point.

Anti-vibration Protection System (AVPS™)

JW Premium pumps.

J5000™ Durotech™ Gun with swivel and ceramic ball

MAIN FEATURES

Genuine HONDA Australia Approved

Jetwave Safety System (JSS™)

Thermal valve protection

15m double steel braided hose

JW triplex pump

Professional accessories

FIELDS OF APPLICATION

Construction Tradesmen

Farming & Agriculture

Household and Path Cleaning

Council Applications

Concrete and Landscaping

Painting Contractors

Municipal

Homeowners will see investment with your professional specialised machinery. Add a specialist service and contribute to your businesses improved charge out rates.

Farming & Agriculture can produce some heavy cleaning requirements requiring a semi professional machine to clean equipment.

From the local bakery to commercial office buildings, the Raptor range gets the job done powerfully so you can win more jobs and get back to more business.

We aim to provide you more versatility to tender and win jobs with cost effective investment into equipment and available options.

RAPTOR™

A decisive step into the future of pressure washing technology with a product categorically developed for the semi professional market.

The Raptor dramatically improves and revolutionises the most significant aspects of the petrol driven direct drive pressure washing machine, and the overall experience.

It introduces innovative never seen before bespoke design. The best performance, technology integration and life protection ever in such machinery.

A formed stainless steel covers provide protection from the elements for the life of your investment with centre balanced top lift point, tie down points and telescopic soft grip handle as standard. It looks every bit as powerfully cutting edge as it is.

This is the Raptor.

HERO INNOVATION

STAINLESS STEEL

EXOSKELETON

HERO INNOVATIONS

STAINLESS STEEL EXOSKELETON

PROTECTION & SAFETY

The industrial formed stainless steel cover design provides enduring weather protection to the entire machine and importantly its critical working components protecting it from harsh outdoor weather elements and onsite overspray.

BENEFITS

- 01 Compact space saving design.
- 02 Made of heavy duty formed stainless steel.
- 03 New attractive and aesthetic design.
- 04 All critical components are still reachable for maintenance / minor repair operation.
- 05 Longer working life of your investment.
- 06 Increases reliability.
- 07 Mitigates risk of down time.
- 08 Easy removable cover for serviceability and maintenance checks.
- 09 Unit and operator safety maximised.
- 10 Extend maintenance intervals.
- 11 Increased worksite safety.

TELESCOPIC SOFT GRIP HANDLE

COMFORT & COMPACTNESS

Telescopic soft grip handle is a design feature to improve the users comfort and overall unit compactness. Thanks to its innovative design it will squeeze into more spaces and provide a pleasant user experience.

BENEFITS

- 01 Anti-fatigue and increased versatility.
- 02 Better storage in vehicles, yard sheds and small places.
- 03 Purposefully designed.
- 04 Anti-slip EPDM high density grip wrap.
- 05 Soft to touch UV resistance outdoor grip.
- 06 Reduced risk of injury.
- 07 Ergonomic and height adjustable.

TROLLEY CONFIGURATION WITH TOP LIFT

ERGONOMIC & BALANCED

The trolley frame configuration provides ease of use for the operator to move around on-site. It's design ensures it remains well planted at all times, preventing unit run-aways. For transportation the multiple integrated tie down points provide safety and convenience.

BENEFITS

- 01 Better maneuverability on-site and around jobs.
- 02 Secure your in vehicle load easily.
- 03 Multiple tie down points for quick access.
- 04 Increased stability.
- 05 Easy balanced tilt trolley design.
- 06 Prevent unit runaways.

01 Tie down points

01 Top Lift Point

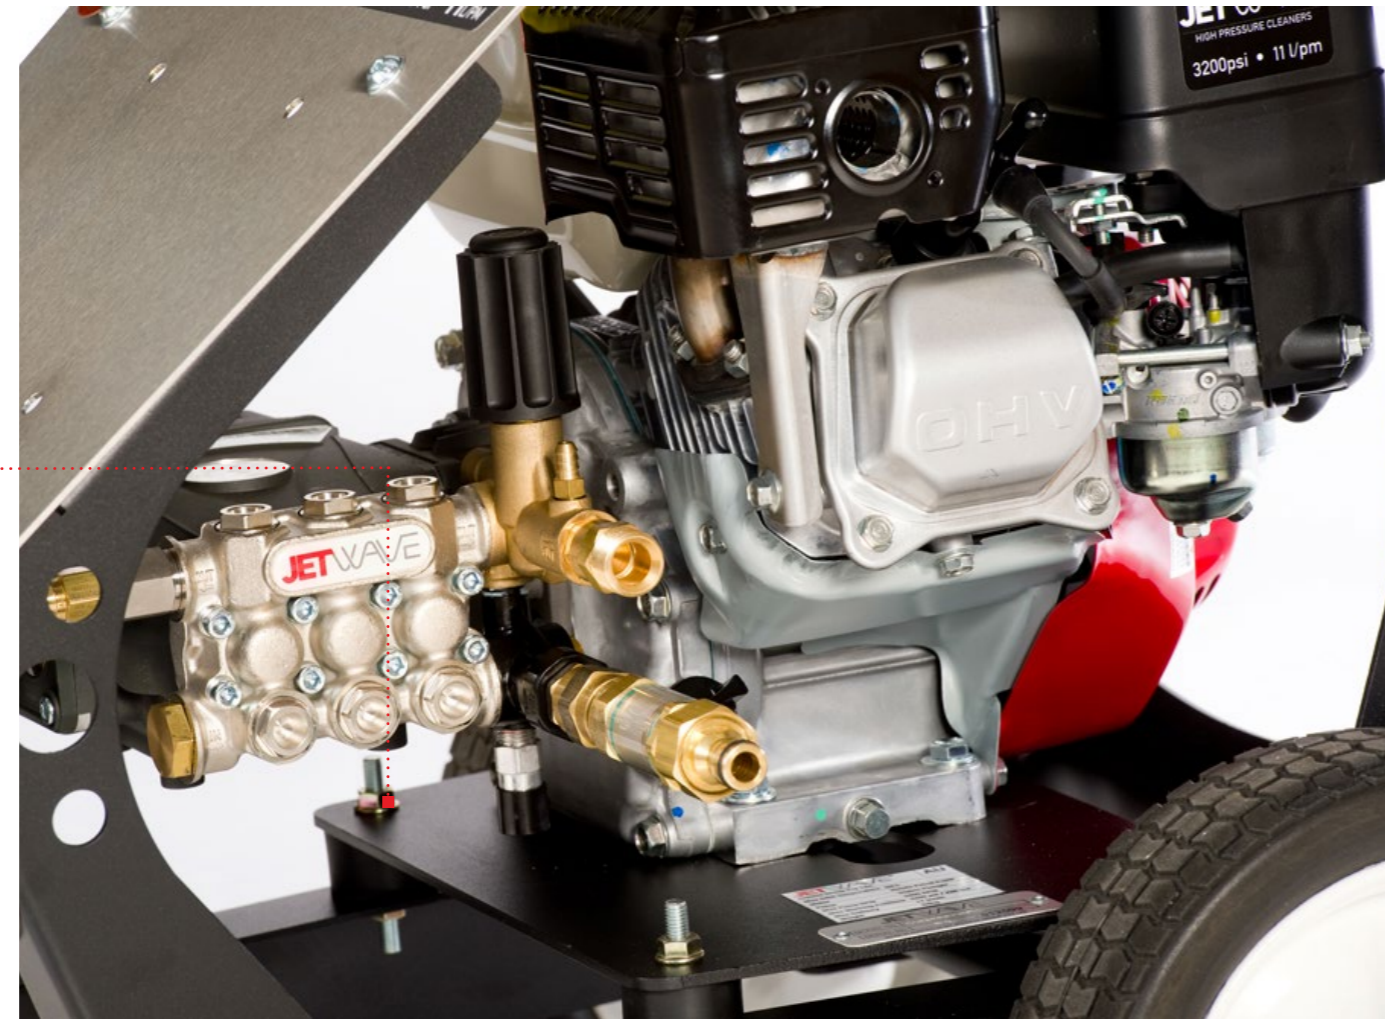

ANTI-VIBRATION PROTECTION SYSTEM™ (AVPS)

QUIETER & LONGER LIFE

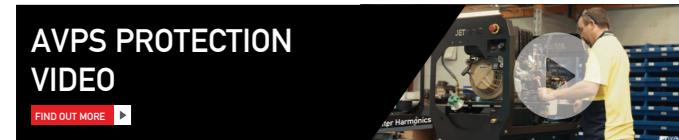

The AVPS™ (Anti-Vibration Protection System) contributes to a quieter performance. It has a heavy duty steel motor plate to separate vibration frequency created from the power plant via high duro rubber and enforced steel dampeners.

BENEFITS

- 01 Contributes to quieter smooth operation.
- 02 Longer trouble free life.
- 03 Rust resistant zinc anneal galvanised steel motor plate.
- 04 4 x anti-vibration motor plate mounts.
- 05 Protection from overall frame distortion / weld cracking or damage.

01 Anti-Vibration Plate

OVERSIZE ANTI-FLAT ALL-TERRAIN WHEELS

PORTABLE & RELIABLE

The specifically developed, globally sourced oversize anti-flat all-terrain wheels makes for better reliability when moving your equipment across the job site every time.

BENEFITS

- 01 Allows the unit to be mobile on any surface.
- 02 No flat tyres.
- 03 Extra heavy duty locking collar.

Anti-corrosion Nylon Bearings

Puncture Proof

Low Profile Wheels

**J5000™
DUROTECH™
TECH GUN**

PERFORMANCE & DURABLE

J5000 Durotech Gun has the highest performance and durability of its category. Ergonomically designed to grant maximum comfort and safety. Its technical features are max performance at 5075 psi /45 lpm/160°C.

BENEFITS

- 01. CERAMIC BALL**
For long life due to the high resistance of hard water, chemicals and chlorine exposure.
- 02. COMFORTABLE LFAHT SYSTEM**
(Low Force Activation / Holding Trigger) requires minimum force to hold and activate.
- 03. SWIVEL**
Live anti-kink in built swivel connector for the high pressure hose inlet.
- 04. PROTECTION**
Thermal insulation of the gun for operator protection.

**JW
PREMIUM
PUMPS**

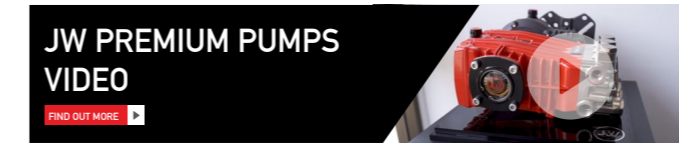

LOW MAINTENANCE & HIGH EFFICIENCY

The finest quality Italian raw materials are used in the newly developed JW Premium Pump range, it redefines the bench mark of quality. Designed in close cooperation with the ISO9001 research & development department of one of the worlds largest plunger pump manufacturers, this pump series is packed with exclusive innovative solutions to improve pump performance, reliability and longer life.

This new premium pump range guarantees the highest levels of reliability on the market even in the harshest of working conditions.

BENEFITS

- 1** Overall enhanced efficiency and aesthetic performance pump design.
- 2** **Extended/oversized rear crankcase** to reduce oil temperatures and to run cooler for longer.
- 3** **Nickel treated brass forged** manifold for anti-corrosion, and better resistance to fatigue
- 4** **Magnetic oil drain plug** to attract all microscopic material.
- 12** **Premium quality bearings**, for lower friction to ensure lower operating temperatures.
- 13** **Teflon based gasket** on rear cover to ensure better sealing at high oil temperature.
- 14** **Thick solid ceramic pistons** for greater durability to wear & thermal shock.
- 15** **Stainless steel** high volumetric efficiency inlet & delivery valves for greater cleaning performance

STANDOUT FEATURES

World class industrial HONDA™ GX engine.

Dual M22 screw hose coupling system.

Triplex professional pump delivers performance and longer life.

DIY brass viewable / washable stainless steel inlet water filter.

PUMP AND COMPONENTS

Quality precision manufactured components with flow and pressure performance for the toughest of tasks.

FRAME STRUCTURE

Modular and compact precision CNC design.

COVER PROTECTION

Sturdy industrial formed cover protection for durability and enduring component protection for the life of your investment

TOP LIFT POINT

Easy transportation and lifting via the centre balanced top lift point.

ANTI-VIBRATION PROTECTION SYSTEM (AVPS)

Exclusive to Jetwave this boasts life expectancy and ensures a longer, quieter unit performance.

STANDOUT FEATURES

Optional hose reel mount on the stainless steel cover.

Jetwave Safety System™ (JSS) thermal valve to prevent overheating in excessive bypass and over pressurisation

Professional accessories with integrated storage for gun and lance

0-30 variable patterns hi-lo nozzle

HEAVY DUTY
Washable in-line stainless steel gauze water filter.

ADJUSTABLE PRESSURE
Adjustable unloader valve for flexible cleaning.

SAFETY VALVE
Compliant and set valve to prevent pressure spikes and damage to the pump.

OPTIONAL HOSE REEL
NEW High quality heavy duty reel built to last, with in-built drag break and multi-point locking pin.

J5000 DUROTECH GUN

Ergonomic J5000™ Durotech™ Gun heavy duty spray gun with back part lance and centre quick coupling.

P/N: JW5000

LANCE & NOZZLE

Lance with variable spray control complete with nozzle.

P/N: JWA324

DWB HOSE

15m of 3/8" double wire braided hose with quick coupling.

P/N: JWA017

2 WHEEL TROLLEY KIT

Puncture proof tyres trolley kit for machine mobility.

ENGINE HOUR METER

For optimal service tracking.

P/N: TOL8075 (Petrol)

P/N: ACD-TACHO

TOP LIFT POINT

Centre balanced top lift point on machine for ease of transportation.

TURBO HEAD WITH LANCE

Complete turbo head with lance for increased cutting power.

P/N: JWA160

JW3 FOAMING KIT

JW3 Foaming kit.
P/N: JWA221

GIRAFFE™ TELESCOPIC LANCE

Alloy telescopic lance (7m) to reach high places

P/N: DCLTG24A4

ADDITIONAL HOSE

Extra high pressure hose per metre.
P/N: 52001

HAMMERHEAD FSC 21" - ABS PLASTIC

21" Flat surface cleaner for large surface areas.

P/N: JWA-FSC21

HAMMERHEAD FSC 21" - STAINLESS STEEL

21" Stainless Steel flat surface cleaner for large surface areas.

P/N: JWA-FSC22

HAMMERHEAD FSC 30" - STAINLESS STEEL

30" Stainless Steel Flat surface cleaner for larger surface areas.

P/N: JWA-FSC30

SLUDGE KIT

Sludge kit to remove water from areas.

P/N: 80005

OEM HOSE REEL 30M

High pressure hose reel with 30m capacity.

P/N: 1060CMPL

PRO RAPID HOSE REEL 60M

High pressure hose reel with 60m capacity.

P/N: 1067CMPL

PRO RAPID STAINLESS STEEL HOSE REEL 60M

High pressure stainless steel hose reel with 60m capacity.

P/N: 1067CMPLSS

SANDBLASTING KIT

Use sand to cut different material surfaces, eg stripping paint.

P/N: JWA164

PRO FOAM KIT

Professional foaming kit for chemical cleaning.

P/N: PROFOAM

DRAIN CLEANING HOSE

15m of 1/8" Viperflex thermoplastic water jetting hose with nozzle.

P/N: HOP2X15VF-ASSY

DRAIN CLEANING KIT

Professional remote reel with hose & professional nozzle kit.

P/N: JWA-PDCK

VULCAN V1 HOTBOX

Portable burner for hot water.

P/N: 10199

RANGE BUILD-UP
